PATH OF HURRICANE

Will Bring It to Southern Coast of the United States.

WARNING BULLETIN SENT OUT

General Davis Reports Damage Done In Porto Rico—Ponce and Mayaguez Experienced Full Force of Cyclone.

Washington, Aug. 11.—The weather bureau issues the following hurricane bulletin:

Hurricane center apparently approaching Nassau, Bahama. Storm will increase in intensity upon reaching the gulf stream, and will probably reach the South Atlantic coast towns of the United States within 24 hours.

Storm Approaching. Jacksonville, Fla., Aug. 11.—Storm seems to be approaching southern coast. Weather bureau reports conditions very threatening in that section at 1:45 p. m.

SITUATION AT PONCE. City Was Flooded and Three Hundred Persons Drowned.

Ponce, Aug. 11.—The worst storm ever experienced here struck this place Tuesday morning at 9 o'clock and lasted two hours. It came from the northeast. Ponce was flooded at midnight, and at least 300 persons were drowned. Two hundred bodies, mostly those of poor people, and including many children, have been recovered.

All the buildings are damaged and hundreds have been destroyed. The soldiers and firemen worked all night heroically saving lives.

There is no drinking water, gas or electric light. The commissary stores at Playa were destroyed, the city is short of food and the army officers are distributing rations.

Fifteen vessels in the harbor were driven ashore.

The weather bureau predicted the storm, but it is claimed Ponce was not warned. A mob of 1,000 persons threatened the alcalde, Porrota Doria, but they were dispersed by the Fifth cavalry. The alcalde has been deposed on account of negligence. Major Myers of the Eleventh infantry is acting as alcalde in response to popular demand.

Abonita, including the barracks, has been destroyed, but no lives were lost there. Juan Diaz has been devastated. Forty-six lives were lost there. Arroyo, Guayama, Salinas and San Isobel are reported to have been totally demolished.

Bananas are the sole food here. The peons have gone to San Juan and its vicinity, which are comparatively uninjured.

FAMINE IMPENDING. General Davis Asks Authority to Issue Rations to the Destitute.

Washington, Aug. 11.—The war department received a cablegram from General Davis giving fuller details of the damage done in Porto Rico by the hurricane. General Davis says a famine is impending and asks authority to issue rations to the destitute. The message is dated Thursday and says:

"Later reports show that the hurricane was far more severe in interior and southern part of the island than here.

"Data for estimate of number of Port Ricans who have lost everything is deficient, but I am forced to believe the number on the island cannot fall below 100,000 souls, and a famine is impending. I ask that 2,500,000 pounds of rice and beans, equal quantities of each, be immediately shipped on transports to Ponce. Some here. Urgent appeal to all post commanders for food for the destitute. Am I authorized to relieve distress by food issues? Rice and beans are the only supplies desired."

There have been many deaths of natives by falling walls. So far only one soldier reported dangerously injured. Several towns reported entirely demolished. As yet have reports from only four ports. No reports yet from the largest ports, Ponce and Mayaguez, but they were in the vortex of the storm.

At least half of the people in Porto Rico subsist entirely on fruit and vegetables and storm has entirely destroyed this source of support.

Prompt Action Taken. Washington, Aug. 11.—The war department has taken prompt action on General Davis' report. The army transport McPherson has been ordered to sail from New York to San Juan and Ponce next Monday with supplies to relieve the destitute in Porto Rico. Acting Commissary General Weston has ordered the purchase in New York

of 600,000 pounds of rice and 600,000 pounds of beans to be shipped on the McPherson. Such other food supplies as may be obtained at the time the McPherson sails will be sent on that ship.

Appeal For Aid.

Washington, Aug. 11.—Secretary Root has prepared an appeal to the people of the United States for aid to those who have suffered in Porto Rico by the recent cyclone. This action was taken upon receipt of a telegram from President McKinley suggesting that it be done. The subsistence department of the army in Porto Rico has been directed to render such temporary aid as it can until supplies arrive.

PHOTOGRAPHED CANNIBALS. Austrian Count Narrowly Escapes Death at Hands of Savages.

Victoria, B. C., Aug. 11.—The Count Festetics of Austria, who, with his countess, has been cruising in the southern seas in the yacht Totna, narrowly escaped death recently at the hands of savages. The yacht had been visiting the larger of the Solomon islands, the count taking many chances to secure photographs of head-hunting battles and cannibal feasts, when the savages photographed developed suddenly and fierce hostility.

The count and his party became suspicious of them just in time, and returning to the yacht were fortunate in getting a favorable wind. As it was the canoes of the cannibals pursued them for many miles.

Question as to a Negro's Status.

Washington, Aug. 11.—The auditor of the treasury for the interior department has raised a question as to a negro's rights to Indian funds by disallowing expenses for the board and medical treatment of John Woodruff, a negro from the Pine Ridge agency now at the government hospital here. The auditor says these expenses cannot be allowed as a charge against the appropriation for the support and subsistence of the Sioux until the man establishes a status as a Sioux Indian.

Spanish Generals Acquitted.

Madrid, Aug. 11.—The Gazette publishes the verdict of the supreme court-martial, which, in addition to acquitting Generals Toral and Pareja of surrendering Santiago de Cuba without having exhausted all the means of defense, orders an additional inquiry to discover the responsibility for the lack of means of defense, which necessitated the capitulation of that place.

Wrecked Steamers.

Seattle, Wash., Aug. 11.—Captain Mason of the steam whaler Jeanie confirms previous reports of the damage done to St. Michaels shipping in the storm which raged around and off St. Michaels Island on July 12. The wrecks of 30 river steamers, thrown indiscriminately upon the beach of the island, bear testimony to the force and fury of the gale.

Negro Lynched.

Nashville, Tenn., Aug. 11.—Will Chambers, colored, arrested on a charge of criminally assaulting the 14-year-old daughter of William Watson, was lynched by hanging near Bell Buckle at an early hour. He was identified by his victim, who is in a critical condition.

Troops Ready to Embark.

Bombay, Aug. 11.—Preparations are completed for the dispatch of 12,000 troops to South Africa. A number of transports are in readiness in Indian waters, and in the event of war troops will be embarked simultaneously here, at Karachee and at Calcutta.

Treasurer of Philippines.

Washington, Aug. 11.—Major Charles E. Kilbourne, paymaster of the army, has been appointed to duty as treasurer of the Philippine islands and the island of Guam. All the members of the civil government of the islands will be placed in his hands.

PHILIPINOS ON THE RUN.

Town of Angeles Fired and Deserted by the Insurgents.

WORK OF A SCOUTING PARTY

Recruits Are Commended For Their Bravery by Officers of Various Regiments—Enemy Short of Ammunition.

Manilla, Aug. 11.—General MacArthur's troops remained at Calulet. The enemy had evidently fled far beyond rifle range, for the American outposts were not disturbed and not a shot was fired during the night.

At daybreak a reconnoitering party, consisting of a battalion of the Seventeenth infantry, with one field piece, started up the railroad track toward Angeles, four miles north. The party approached within 1,200 yards of the town and opened fire with the field gun. The Americans were received with a badly directed rifle fire, which the battalion of the Seventeenth returned with a few volleys.

The strength of the insurgents at Angeles not being known, the situation was reported to General MacArthur, who did not desire to send reinforcements, and directed the reconnoitering party to return unless the rebels abandoned the town. Soon after the receipt of these orders it became evident that the rebels had set fire to the town and fled, leaving the place to be occupied by the Americans.

A battalion of the Twelfth infantry was also sent on a reconnoitering expedition towards the west, but up to noon no word had been received from them at General MacArthur's headquarters, and it is believed that they encountered nothing. Everything indicates that the Filipinos have scattered for miles in every direction around Calulet.

The insurgents lost heavily in the fighting around Calulet. It is believed 100 were killed and 300 or 400 wounded. The Iowa regiment killed 30 in one place, and one company of the Seventeenth suddenly encountered a party in a trench and killed 12.

The American loss was 5 killed and 31 wounded, including three officers.

The attack was a complete surprise to the insurgents, who had no idea that a movement was intended until the armored car opened a deadly fire with two gatlings, a revolving cannon and a six-pounder. The heavy artillery opened on both flanks a moment later. A majority of the Filipinos were asleep when the attack was made. Men with large bells were heard running among the shacks arousing the soldiers.

The Americans maintained a most perfect line four miles long, through canebrakes, where they could see nothing ahead. The mud in places was knee deep in the rice fields and jungles, and through the ditches flowed small rivers several feet deep.

The Filipinos tried to ambush the Americans several times, the country in the neighborhood being well adapted to these tactics, but the troops stopped for nothing, forcing their way through or over obstacles and firing whenever they could locate the fleeing enemy.

The officers highly commend the recruits of the various regiments.

There is reason to believe the reports recently received that the insurgents had only 40 rounds of ammunition each, and that five rounds extra were issued just before the fight.

Since the American occupation of San Fernando the rebels have torn up three miles of railroad between there and Calulet, and it is impossible to get the armored car more than two miles beyond San Fernando.

Otis' Cablegram.

Washington, Aug. 11.—General Otis cabled the war department as follows:

"MacArthur has taken possession of Santa Rita, reconnoitered Berac, Angeles and other points. Insurgents driven north. One casualty Thursday. Condition of roads makes movements of troops difficult, but it is considered necessary to open up this section of country, as it virtually gives control of province of Bataan and relieves inhabitants there."

Otis Will Remain.

Washington, Aug. 11.—Major General Otis will remain in supreme command of the Philippine islands. Should he request to be relieved Major General Lawton will be assigned to duty as his successor. This is the decision reached by the president and Secretary Root during their conferences at Lake Champlain.

Struck by Lightning.

Parkersburg, W. Va., Aug. 11.—During a severe storm at 4 a. m lightning

struck the store of W. H. Smith Hardware company, a four-story building. In a few minutes the building was in flames and soon burned up. It was the largest hardware store in the state. Paulus Reps' and Berry's restaurants, three-story buildings, both had their contents completely destroyed. The loss will reach easily \$150,000. Lee Logan, while going to the fire, was thrown from the reel and dangerously hurt.

STONE DENIES THE STORY. Never Thought of Schley but as a Brave Naval Officer.

St. Louis, Aug. 11.—"I am for Mr. Bryan for president. I have always been for him, and expect to remain so. I think there is not a shadow of doubt about his nomination by the next Democratic national convention."

This statement was made by vice chairman of the Democratic national committee, William J. Stone, when he was asked about reports from Washington that he was preparing to take Bryan and take up Rear Admiral Schley as a candidate for the Democratic presidential nomination.

Mr. Stone further said: "I have never heard Schley's name mentioned as a candidate except in newspaper gossip. I never thought this was serious and do not think the last report is any more serious than the others. I have never thought of Schley as anything but a brave naval officer. This talk about my being for him is rot. I am for Bryan!"

Speaking of the Democratic conference reported as being held at Saratoga, Mr. Stone said:

"I don't believe the conferences amount to anything. This talk about them is all nonsense."

Talked Over Cuban Affairs.

Plattsburg, N. Y., Aug. 11.—Colonel L. V. W. Kennon had a long talk with the president regarding the situation in Cuba. Colonel Kennon has been on General Brooke's staff at Havana as adjutant general for civil affairs. He arrived at the hotel in company with General Guy V. Henry and was immediately hurried into the president's rooms. He talked with President McKinley for nearly an hour and went over the entire Cuban situation with him.

Garcia's Plan.

Washington, Aug. 11.—General Carlos Garcia of Cuba was engaged in the presentation to army officials of plans for the organization of Cuban militia. The plan presented is to organize several regiments from among the soldiers who fought for Cuban independence into a force which shall constitute a national guard and at the same time perform duties similar to those of the gendarmerie of European countries.

Switched the Elders.

Pineville, Ky., Aug. 11.—Four Mormon elders, after preaching here several days, have been forced to leave by angry citizens of this place. In Wise county, Va., Mormon elders were warned to leave, but they did not go, and while preaching several citizens went to the place of worship with a bundle of switches and took the elders out and gave them a severe whipping.

Colonel Henry the Traitor.

Rennes, France, Aug. 11.—The London Times' statement of the late Lieutenant Colonel Henry's treason caused considerable sensation here and was much discussed among the newspaper men and all others interested in the trial. The affirmation of Henry that Esterhazy was his accomplice is only a confirmation of what has already many times been stated.

Paid Their Fines.

Jefferson City, Mo., Aug. 11.—Sixty-eight of the 73 ousted insurance companies have paid their fines of \$1,000 each. Sunday is the last day for the remaining companies to pay in order to keep from being ousted from the state under the provisions of the antitrust law, which they ran counter to in combining to fix the price of insurance.

His Aim Was Bad.

San Francisco, Aug. 11.—W. T. Cole, an ensign on the bataille Iowa, who was to have been court-martialed on a charge of having been intoxicated while the vessel was at the Puget Sound naval station, attempted suicide by shooting with a navy revolver. His aim was bad and the ball only grazed his skull.

Scranton, Pa., Aug. 11.—The 600 striking miners at Exeter colliery, West Pittston, resumed work pending an agreement with Superintendent Congers of the Lehigh Valley Coal company to receive their committee and hear their grievances and proposals and to consider demands that were within bounds.

Mrs. Clara Baldwin of Irvington, near Indianapolis, put strychnine in the food, poisoning her husband, son and daughter. She was for some time an inmate of a private sanitarium.

WAR WILL MEAN RUIN

To British Shareholders, Says a Dispatch From Johannesburg.

MINES WOULD BE WRECKED.

And All the Valuable Machinery Destroyed in the Event That England Declares War Against the Transvaal.

London, Aug. 11.—The Boer organ in London, The Standard and Diggers' News, publishes a Johannesburg dispatch threatening Great Britain in the event of war, saying the Boers are determined to wreck the mines and irretrievably ruin the general body of shareholders by blowing up millions' worth of machinery, adding that war will mean the absolute ruin of Johannesburg, both as a town and as a mining center, and saying:

"While it will doubtless end in a victory for England, the price of that victory will be the ruin of thousands who ought to consider the price they must pay before authorizing the government to declare war."

Another Johannesburg dispatch, however, predicts further concessions, and says:

"The reply of the Transvaal to the proposal for a joint inquiry is being delayed until the government has prepared a scheme granting the outlanders immediate and substantial representation, as the Transvaal will make every effort to avert intervention in the internal affairs of the country."

No Longer King.

San Francisco, Aug. 11.—Alexander McDonald, king of the Klondike, has failed. His liabilities are estimated at \$6,000,000. His assets are of uncertain value. When McDonald went to England a few months ago to organize a syndicate to control the transportation and provision business of the far north he left his affairs in the hands of incompetent agents. On his return creditors made demands which he could not meet.

Death on the Trail.

Victoria, B. C., Aug. 11.—Osborne Reid and brother of Calgary, N. W. T., who started for Dawson over the Edmonton trail 18 months ago, have reached here from Glenora. They say about a dozen men were lying at Glenora in various stages of scurvy and other sickness, brought on by exposure and insufficient food. Some were badly frostbitten. They heard of several deaths at different points on the trail.

WEATHER FORECAST.—Generally fair to-night and Sunday.

THE tobacco trust has cut the wages of some of its employes in St. Louis from \$2 to \$1.25 a day. That's a sample of the way the combines help the people.

THE glass trust has made another advance in prices,—this time 5 per cent. And you don't hear of any advance in the wages of its employes. This is a combine that ought to be smashed.

"BRYAN would be in positive danger should he stump this State. Kentucky people are of quick passions and they do not hesitate to use revolvers if the speaker does not please them. A plain speaker like Bryan, who says exactly what he means, might be shot at any minute while speaking. Do not think that I am jesting. It is a positive fact."

The above is taken from an alleged interview with Congressman Al Berry, published in the Cincinnati Post. Will Mr. Berry please point out a single instance where a public speaker in Kentucke was ever assaulted in such a manner? Berry is making a fool of himself by such talk.

But Little Disaffection in Boyle.

Captain Boyle O. Rodes, banker and prominent Democrat of Danville, says: "I know of but one Democrat in Boyle County who will bolt Goebel or our State ticket, and the gold standard men are swinging back into line beautifully. The nomination of Judge Robert J. Breckinridge for Attorney-General has touched our people deeply, and we know that it was due to Senator Goebel. The response from our Democrats will be enthusiastic and with an increased majority. We regard the election of the ticket as certain. Yes, all the Stone and Hardin men in our county are conducting themselves like true Democrats."

ANOTHER CHARGE REFUTED.

Senator Goebel Not an Agnostic—Has Been a Member of the Lutheran Church From Childhood.

[Fulton Leader.]

The traducers of Mr. Goebel have their last prop knocked from under them. It has been published broadcast over the land by his enemies that "Goebel is an agnostic." The Leader editor has always believed the statement a base fabrication, but in order to make certain, sent a query in regard to the matter to Mr. Goebel. His reply is typical of the man—frank and outspoken:

My Dear Mr. Ayers: In response to your inquiry I have this to say: I am and from my childhood have been a member of the congregation of St. Paul's Lutheran Church of this city—the church to which my parents belonged in their lifetime. I am a believer in the Christian religion and the divinity of Jesus Christ. Very truly,

WM. GOEBEL.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and I thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

EX-CONGRESSMAN McCREARY

Predicts a Majority of at Least 25,000 For the Democratic Ticket in Kentucky.

[Enquirer.]

Hon. James B. McCreary, of Richmond, Ky., whom the Democrats of his State have delighted to honor in the past with posts of high honor, a man who represents in himself the mass of the people and his incorruptible intelligence, passed through the city Thursday, stopping in at the Grand enroute home from Atlantic City, where he went with his wife for the benefit of her health.

"I was a delegate to the State convention, helped to nominate Goebel, was a member of the Committee on Resolutions, and assisted in the preparation of the platform," said the popular ex-Governor, "and I am for the whole ticket and the platform unequivocally. I am personally acquainted with every candidate on our Democratic State ticket. Each and every one of them has been endorsed by his home people, and they have shown their merit and fitness for office by efficiency and fidelity in the offices they have held in the past. I believe we never had in Kentucky a worthier or more capable man on a State ticket."

"Mr. Goebel is a self-made man, of the strictest integrity and of great ability, and as the canvass progresses he will grow in popularity, as will all his associates on the State ticket. I regret that some Democrats in Kentucky are opposing the regular nominees of our party. I cannot believe that the movement against the regular ticket will have much strength. The regular Democratic ticket, I hope and believe, will be elected by at least 25,000 majority. The opposition will help to bring out the full vote. I shall make speeches for Goebel and the regular Democratic ticket, and do all in my power for the success of the party in November."

IN A WRANGLE.

Republican State Officials Absent From Their Positions and Governor Brad-ley is Mad.

FRANKFORT, KY., August 10.—With Treasurer Long and Attorney General Taylor both in Louisville running the Republican campaign, the State's affairs are "sorter running on one wheel," as it were.

These two officers are ex-officio Sinking Fund Commissioners, in conjunction with the Governor, Auditor and Secretary of State. It takes four to make a quorum in this board, so nothing can be done in regard to Treasurer Long's illegal action in authorizing his son to pay out the State's funds till the board meets, and it cannot meet unless Taylor and Long both come back and attend the meeting.

Were the Legislature in session, of course impeachment proceedings might be begun, but Long's term expires before the next session. He will probably not be so anxious to have the Governor call an extra session to repeal the election law.

HON. WM. P. THORNE,

One of Kentucky's Witty and Eloquent Orators, to Speak at Court House Next Monday Afternoon.

FRANKFORT, KY., Aug. 10th, 1899.
Hon. T. D. Slattery, Mayfield: Advertise Wm. P. Thorne to speak at Mayfield next Monday.

J. C. S. BLACKBURN,
Chairman Campaign Committee.

In accordance with the above dispatch arrangements have been made for Mr. Thorne to speak at the court house, this city, at 1:30 o'clock p. m. next Monday.

Col. "Bill" Thorne is the greatest wit in Kentucky to-day. His droll humor never fails to enthuse his audience. He was defeated for Lieutenant Governor at the Louisville convention, but like a true Democrat he is stumping the State for the successful ticket. It's a great chance to hear a great speech. Come and hear him. Don't forget the time, 1:30 p. m. (County Court day) Monday.

Electric Park.

Quite a good crowd were entertained and amused at the park last night. The selections rendered by the orchestra were thoroughly appreciated and the program was carried out in accordance with the change inaugurated Thursday night. To-night will be the last chance for interesting vaudeville.

On next Monday night the celebrated Murray-Hartl Co. will open in a funny farce comedy, "My Uncle From Japan," and they should be greeted with a crowded house, for you are assured an enjoyable performance. The admission will be 15 cents, including round trip car fare. Reserved chairs on sale at Nelson's.

FLORENCE, daughter of Mr. and Mrs. William Gibson, has been ill for several days.

VANCEBURG Sun: "Mr. and Mrs. Fred Fitch, of Washington, D. C., who are visiting Mrs. Fitch's parents, Hon. and Mrs. S. J. Pugh, are rejoicing over the arrival of a daughter."

MR. J. M. BALL, who resides near Lewisburg, went out to the pasture after one of his horses Friday morning and found the animal dead. The supposition is that it was killed by lightning during the heavy storm the night before.

On Monday Aug. 14th, County Court day the new St. Charles Hotel under the management of our enterprising citizens, Messrs. Hopper & Hunter, will set a special dinner for their friends and patrons from the county. They will be pleased to have them call down and see them and assure them a cordial welcome and satisfactory service.

MR. CLINT M. BROWNING, who is on a business trip to San Francisco, a few days ago shipped his parents, Dr. and Mrs. A. G. Browning, half a bushel of the finest peaches ever seen in this section. They arrived Thursday in fine condition, and a sight of them was calculated to create a desire to immigrate to the land where such magnificent fruit is grown. Dr. Browning favored the BULLETIN with a sample.

THE remains of the late Mrs. Minerva Ricketts arrived last evening at 8 o'clock from Oak Valley, Kansas, and were taken to the residence of her daughter, Mrs. William Newell, on Limestone street where funeral services were held this morning at 10 o'clock, Rev. J. W. Porter officiating. Interment in the Maysville Cemetery. Six grandsons of deceased, the sons of Mr. and Mrs. Newell, acted as pallbearers.

CARLISLE Mercury: "Hon. Walter Matthews, of Mayslick, who was the guest of Wm. Long during the Baptist Association, had a pleasant time meeting his ex-Confederate comrades. He held quite a re-union with Captain Jos. Norvell, Lucien Mann, Wm. Long, S. H. Dalzell and Chas. Durham, all of his old regiment, the Ninth Kentucky Cavalry. Dr. McNew and Col. Thomas Owens made up the crowd of eight ex-Rebs."

THIEVES continue to get in their work in the West End, to the great annoyance of the residents of that part of the city. Those residing along the C. and O. are the most frequent sufferers from these depredations. Mr. James Simpson lost a number of his fine chickens early this week. He claims the police pay little or no attention to his complaints. Other residents of that ward have been trying to rid the neighborhood of some shantyboat denizens, but without success.

JUDGE HARBESEN is in receipt of a letter from his son, Lieut. Jas. P. Harbesen, who was wounded on June 14th near Manila. The letter was written three days after Mr. Harbesen had received his injuries, and at that time he expected to be in the hospital about sixty days. He was wounded while taking part in a rush toward the intrenchments of the Philippines. He was struck twice, once on the sole of the shoe and again in the fleshy part of the leg. In the letter he stated that it was his intention to ask for a short leave of absence as soon as he was able to walk with the use of a cane, and to take a trip up through a part of China and Japan.

BUILDING DAMAGED.

The L. and N. Passenger Train Knocks a Hole in Mr. Thomas Guilfoyle's Residence This Morning.

Thoughts of an earthquake were probably in Mr. Guilfoyle's mind for a short time early this morning.

Tom and his residence and business house at the corner of Third and Bridge streets received a violent shaking up about 5:30 o'clock, but he soon found out that it was not caused by an earthquake.

In bringing the early train down from the "round house" to the depot, the rear coach was backed into the east wall of Mr. Guilfoyle's building, a big portion of the wall being so badly shattered that it will have to be taken out and rebuilt. The building was also damaged considerably on the inside, some of the plastering and ceiling being knocked off.

Mr. Lawrence Clark was in charge of the engine at the time. There were six or seven coaches in the train and the accident was due to the fact that it was impossible for Mr. Clark to see the rear of the train owing to the curve in the track, and there was no one on the rear coach to signal him when to stop. Mr. Guilfoyle, in speaking of the accident, remarked: "The company expects Mr. Clark to do the work formerly done by two or three men, and I'll make 'em smoke for this by the time I get through with 'em."

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment; suffice it to say that we placed over sixty of these Drills the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonial as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the

SUPERIOR OR KENTUCKY

and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every Drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior Drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

FRIDAY'S STORM.

It Was Very Destructive Over in Adams County, Ohio.

A special from West Union thus tells of the work of the destructive storm Friday morning:

"Small streams became mad rivers, sweeping everything before them. Many narrow escapes from drowning are reported by people in one-story houses along Island creek, Isaacs creek and Wagoner's and Black's run were forced to flee. Thousands of dollars' damage done to corn and tobacco. Cattle were drowned. The big iron bridge over Island creek is washed off its foundation. The Island Creek Church and the Beasley Fork bridge were swept away. Many small bridges and buildings were washed into the Ohio river. Many roads cannot be traveled. Jack Thompson's and Amos Richmond's large barns were swept out into the Ohio."

A gentleman last evening estimated the damage by the wind and rain in this county to crops, fencing and turnpikes at \$50,000. The storm was very severe on the farm of Mr. John Clark near Maysville.

The big gutter on south side of Fourth street, east of Market, was completely filled with rock and trash and Street Commissioner Ben Smith had a force of hands busy all day Friday cleaning it out. The city got fine supply of rock for use on the streets.

PITHY POINTS.

Every man ought to pray.

Everyone respects the man who prays.

The only really trustworthy men are men who pray.

The only truly good men we ever knew were men of prayer.

Everyone shall pray some time, only it may be when it's too late.

The reason men cannot (?) pray in public is that they neglect to tune their voices in private.

Small men are ashamed to pray, yet Washington, Lee and Jackson would have been ashamed not to.

A man may pray and yet not be a Christian, but by no possibility may a man be a Christian and not pray.

One of the best men we ever knew arose at midnight to pray, yet not to be seen of men, for only God saw him.

The man who cannot or does not pray in public or at church is not fearful lest he be caught on his knees at home.

The time is coming when everyone shall pray, but the Lord has not promised that He shall always regard their cries.

Jackson didn't pray in battle because he was afraid, but because he recognized the reasonableness and power of prayer.

There are men who suppose they are considered intelligent who never called upon the name of the Lord, other than in the oaths they use, such, of course, would be ashamed to pray.

Great Damage Done.

Cincinnati, O., Aug. 11.—Dispatches from various points in Southern Ohio and northern Kentucky show that the storm was one of unusual severity. Everywhere it was accompanied by an unusual electric display. Small streams were quickly flooded and great damage done to corn and tobacco crops. Bridges were swept away and numerous losses from lightning were reported. At Dover, Ky., over four inches of rain fell.

Brother of Vice President.

Lima, O., Aug. 11.—C. T. Hobart of New York, chief engineer of the Columbus, Lima and Milwaukee railroad, and a brother of Vice President Hobart, was probably fatally injured at Gomer, O. Mr. Hobart attempted to pass between the big cranes of the Watkins elevator and the railroad track when a construction train passed and squeezed him. His hip was crushed and he was internally injured.

Pleaded Guilty.

Carmi, Ill., Aug. 11.—Ivy Crabtree, who placed poison in food and caused the death of her brother, was arraigned and entered a plea of guilty, throwing herself upon the mercy of the court. Judge Pearce sentenced her to the penitentiary for 18 years.
